

D Y PATIL
UNIVERSITY
PUNE, AMBI

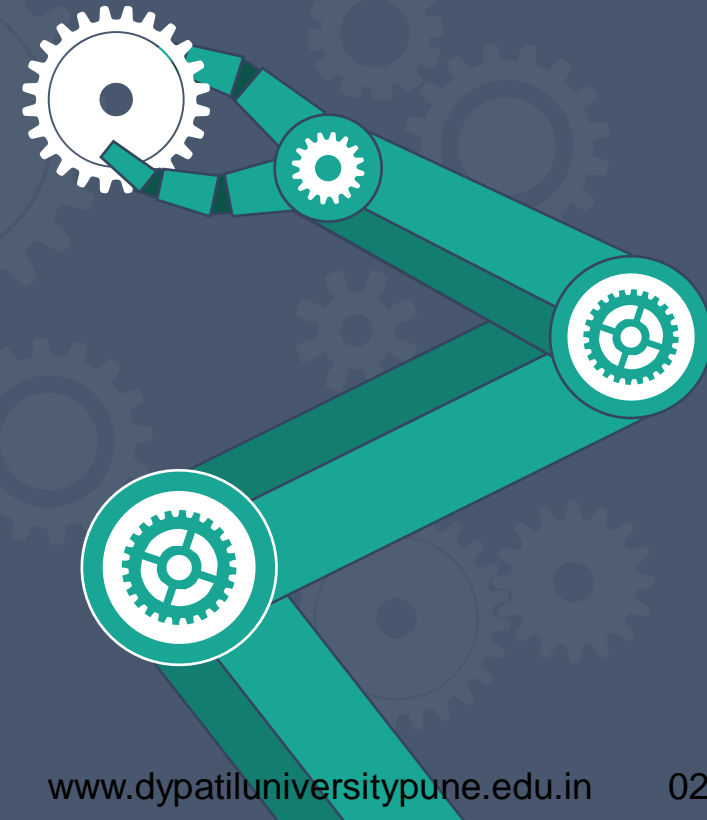

**School of
Engineering &
Technology**

A 21st Century University in India

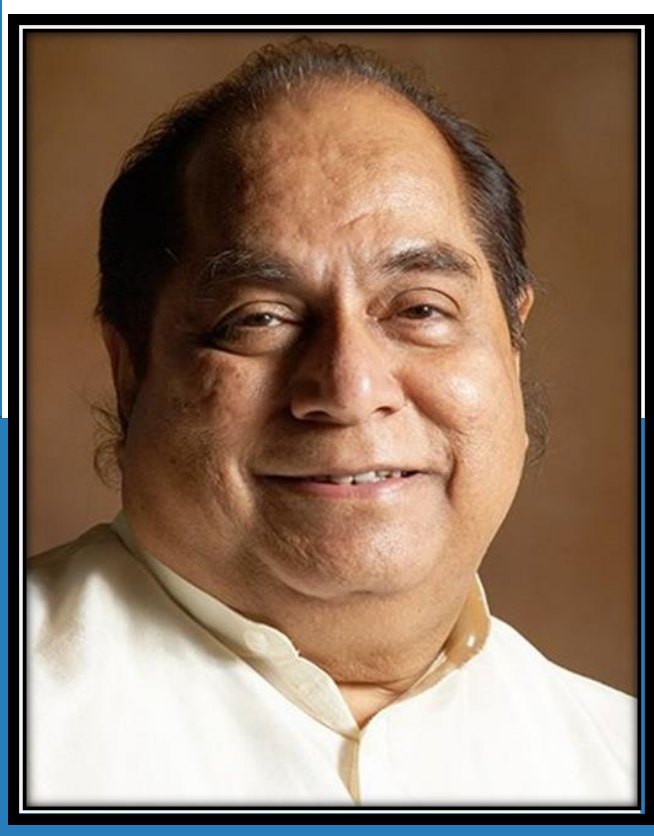

D Y Patil University, Pune

School of Engineering & Technology

Our Leadership Team

Hon'ble Dr D Y Patil
Padma Shri

Dr. Vijay D. Patil
President & Chancellor

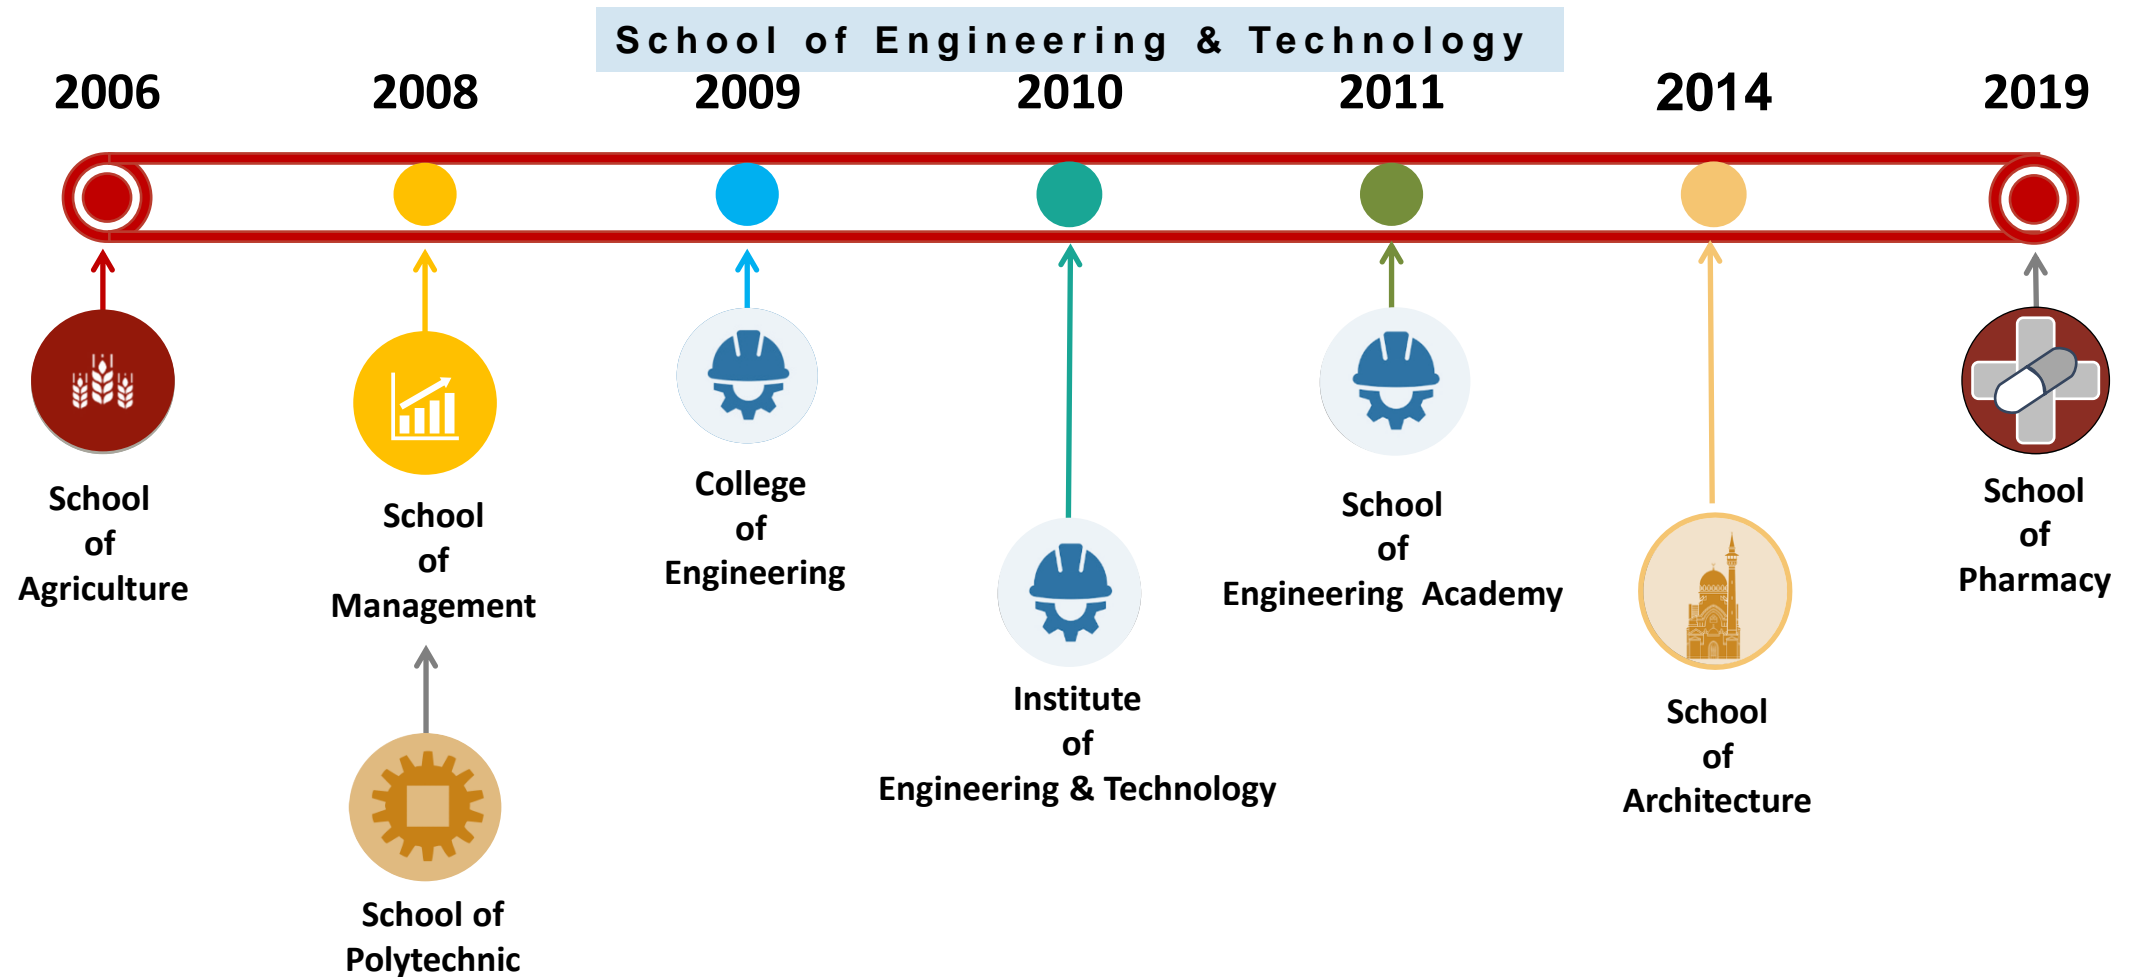

Mrs. Shivani Patil
Managing Trustee

Dr. Sayalee Gankar
Vice-Chancellor

Legacy to be D Y Patil University

We Create Engineers for **INDUSTRY**

Premier school for engineering and technology education that creates leaders, innovators and entrepreneurs through need based curricula, enriched academic delivery and industry partnership.

School of Engineering & Technology

B.Tech. | M.Tech. | Ph.D.

Approved by

AICTE, New Delhi.

Our Academic Team

**School of Engineering
and Technology**

**Prof. (Dr.) Laxman Kamble
Principal**

**Prof. (Dr.) Abhay A. Pawar
Principal**

**Prof. (Dr.) Rajesh Kherde
Principal**

4. INDUSTRY

Programme Objectives

01

Quality and Value Based Education

Provide quality and value based education that transform students through academic rigor

02

Science, Math, Technology and Research

Develop the scientific, technology and research based approach

03

Innovation and Entrepreneurship

Learn innovation and entrepreneurship skills in new and emerging field

04

Problem Solving

Experiment, develop prototype and give solution to the community, industry and nation

B Tech Programme

01

Computer

Learn emerging topics such as Analytics, Machine Learning, Cloud Computing, Internet of Things etc

02

Information Technology

Learn How computer System works, How to design & develop programming language and integrate for the functioning development of software

03

Mechanical

Specialization like Robotic, Cad-Cam and Thermal engineering for tomorrows industry

04

Automobile

Insight into the future technologies specilization such as hybrid and electric vehicles.

B Tech Programme

05

Civil Engineering

Foundation in the area of Transportation Engineering, Structural Engineering, and Construction Management

06

Electrical Engineering

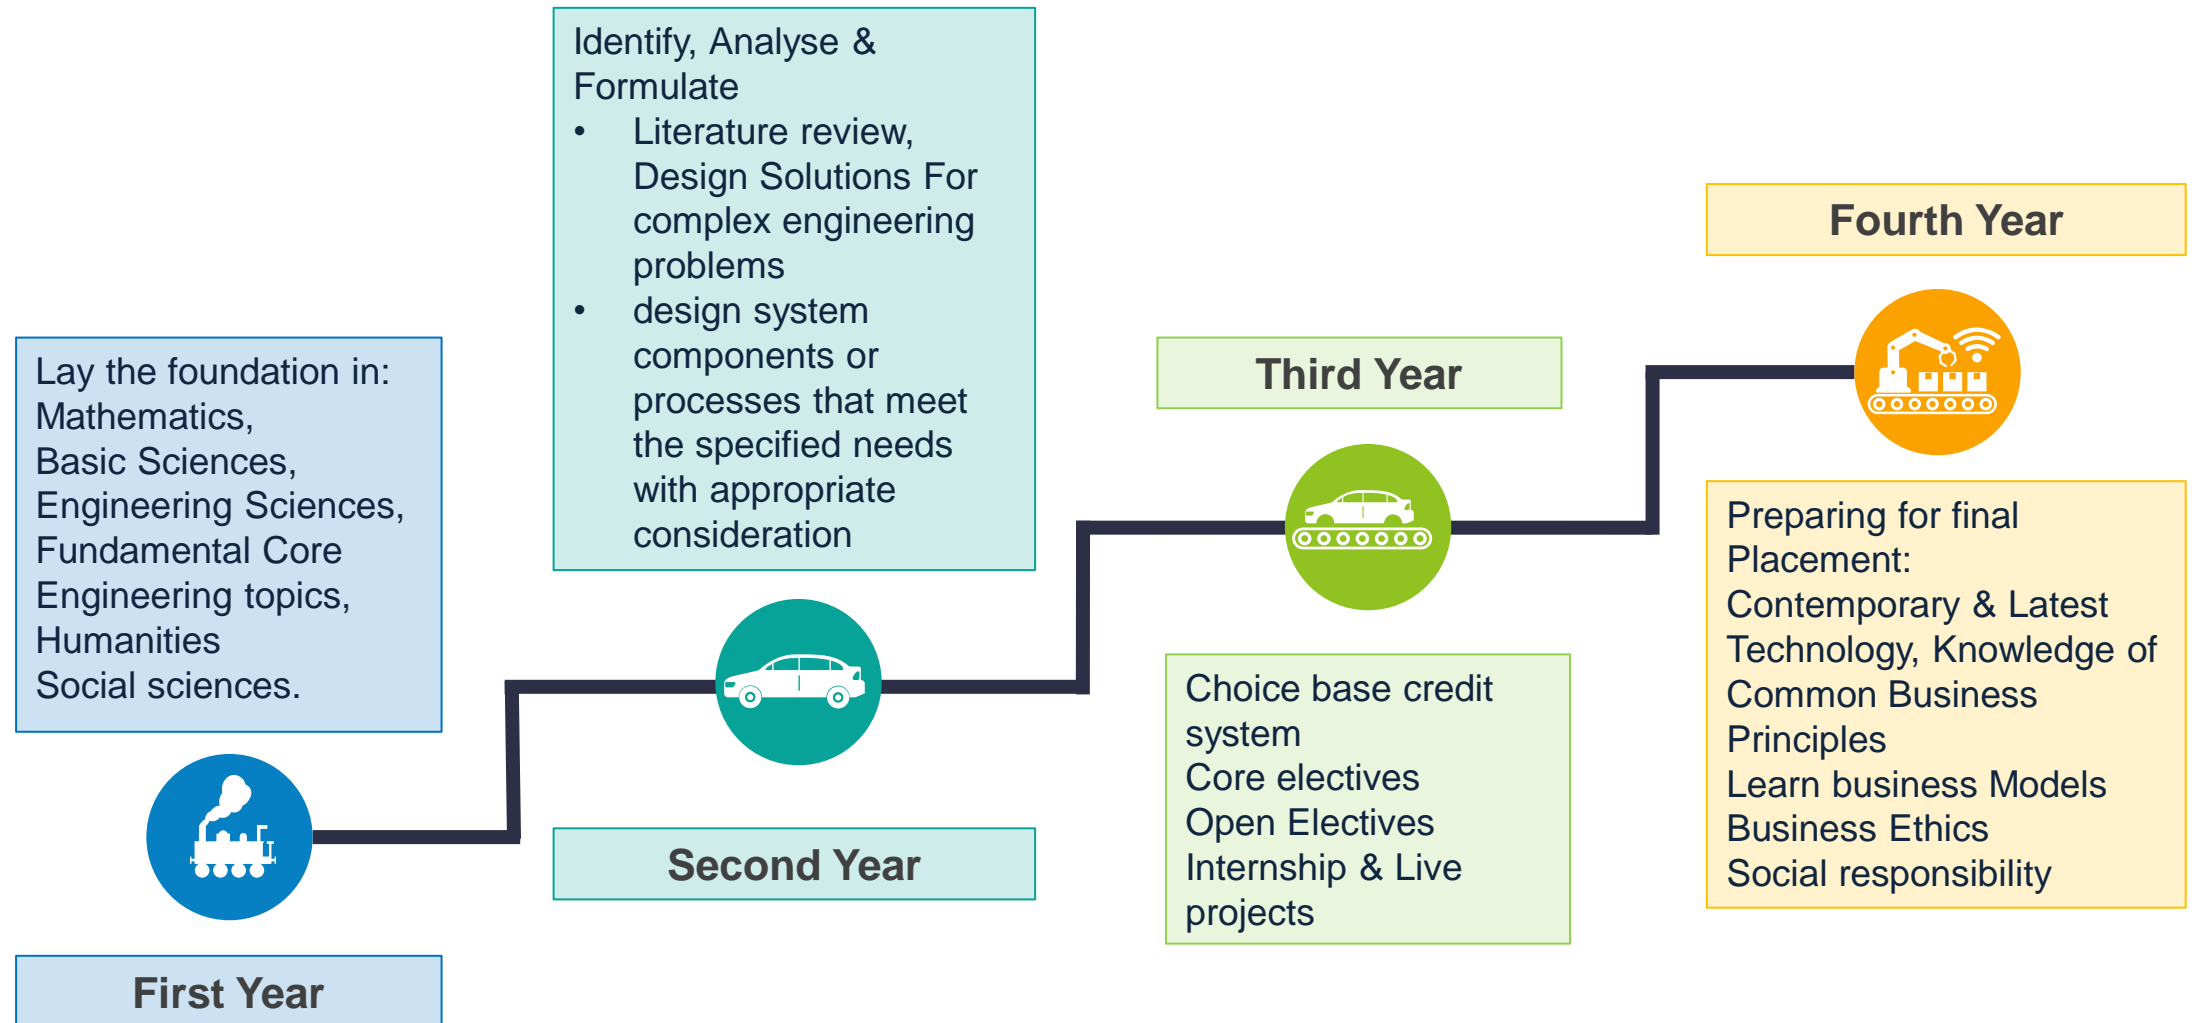

Get ready for exciting world of transition to sustainable energy.

07

Mechanical

Design, develop, test and supervise the manufacturing of electronic and telecommunication equipment.

Four Year at Campus

M Tech Programme

Learn the theoretical knowledge and practical skills related to design, construction, operation, support & Maintenance of technology

01

Computer Engineering

Aims at emerging the graduates, with

- Advanced conceptual knowledge,
- Technical skills
- Research fundamentals
- Current technology trends
- and ability to pursue research in the field.

02

Mechanical Engineering

Two specialisation

1. Heat Power &
2. Design

03

Civil Engineering–Construction Management

Emphasis on

- Project Management,
- Resource Management,
- Risk Management,
- Construction Optimisation Techniques,
- Procurement Management etc.

04

E & TC

Offers two specialisation

1. Signal Processing
2. VLSI & Embedded Systems

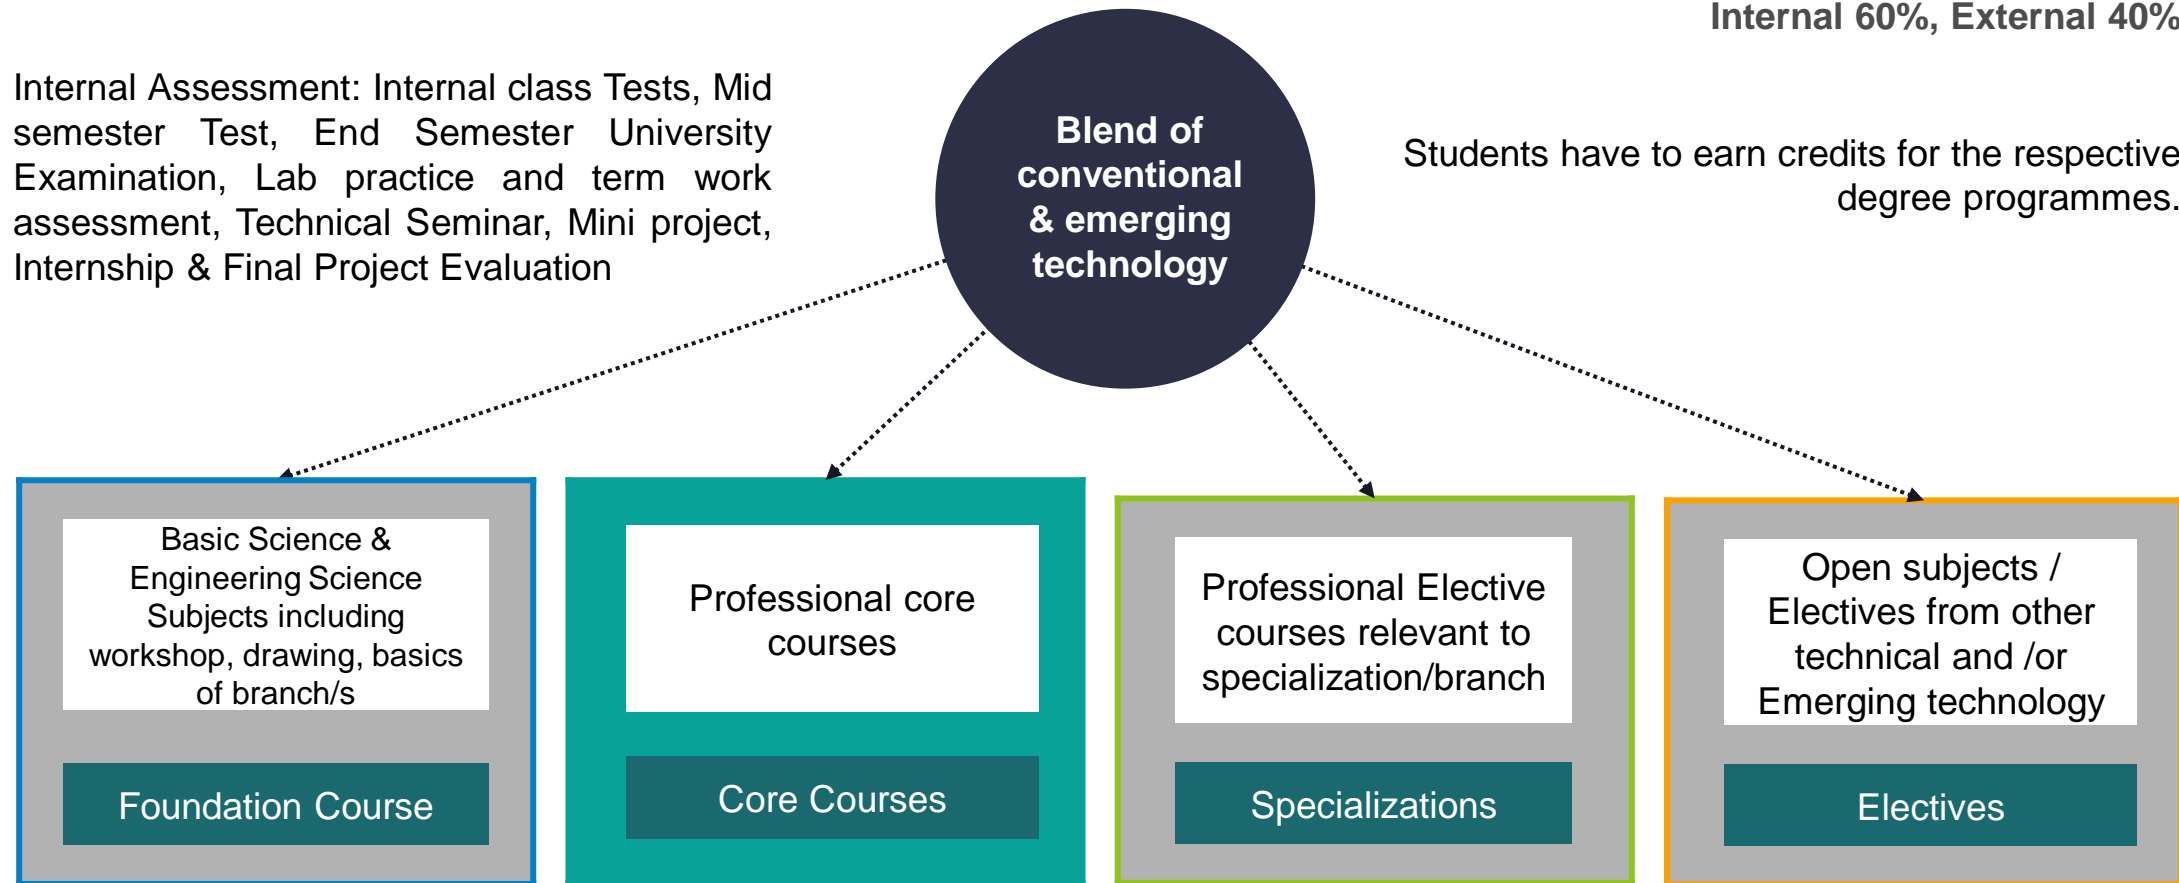

Programme Structure

Choice Based Credit System for B. Tech & M. Tech

Continuous Evaluation:

Internal Assessment: Internal class Tests, Mid semester Test, End Semester University Examination, Lab practice and term work assessment, Technical Seminar, Mini project, Internship & Final Project Evaluation

Assessment Pattern:
Internal 60%, External 40%

Curriculum is designed by Industry Practitioners

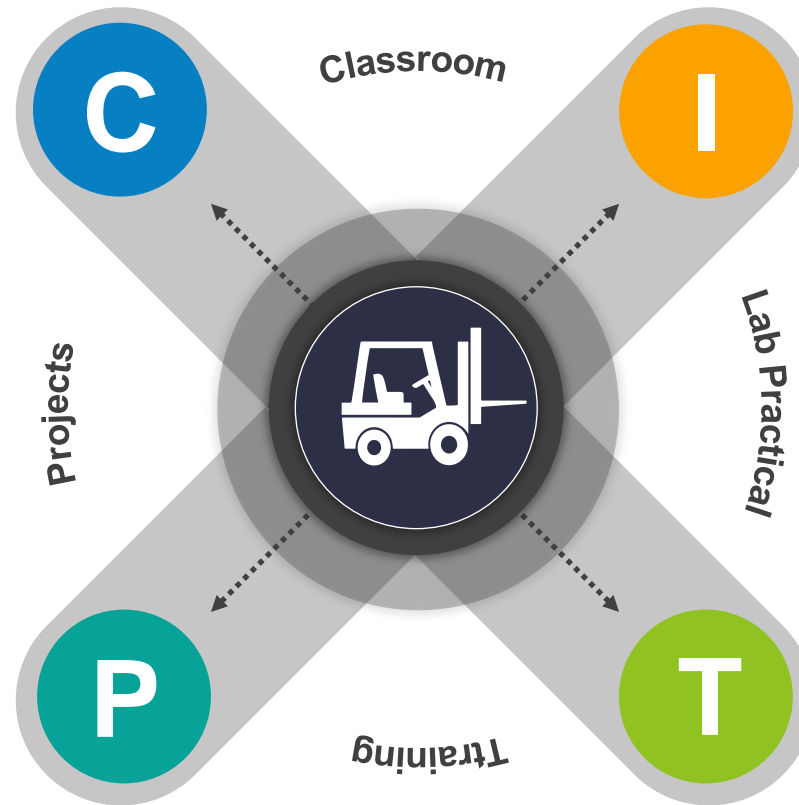

Programme Delivery

Classroom Teaching

Classroom teaching with the use of interactive webinars & Videos to bring experience & contemporary trends through interactive sessions.

Technical and Soft Skill Training

Technical & Soft Skill training programmes will be organized as value addition.

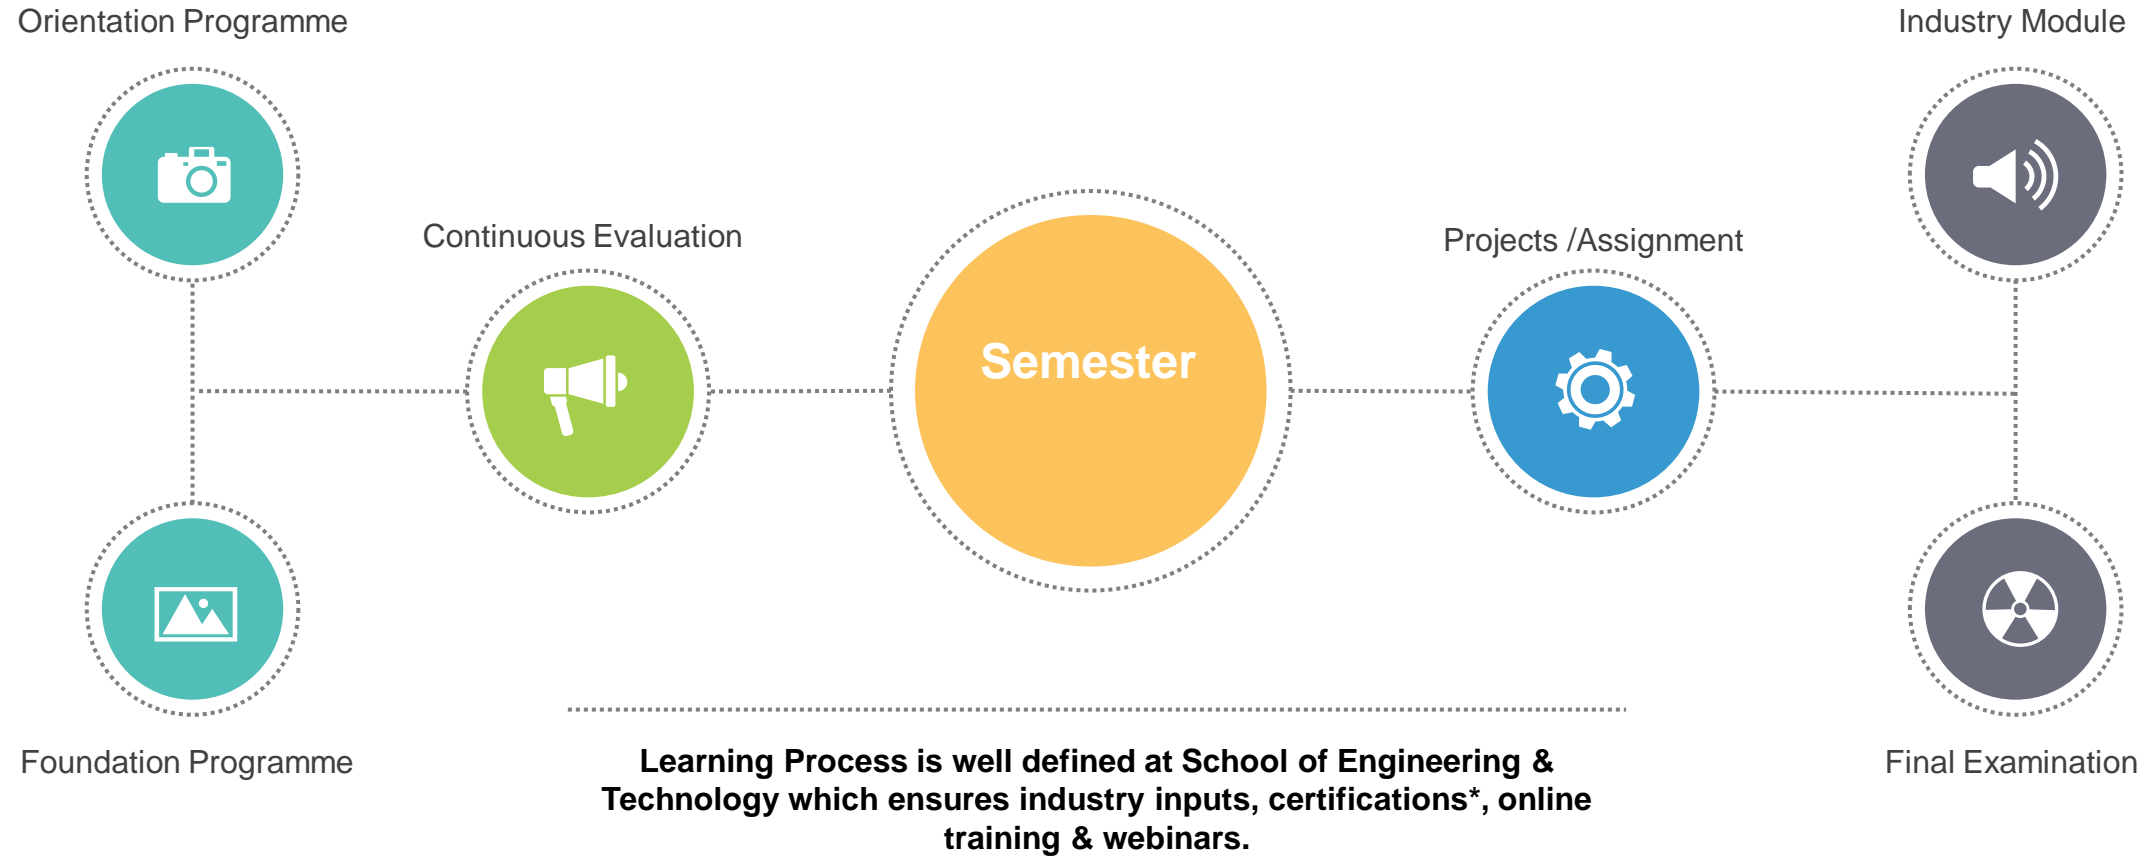

Internship

Compulsory internship of six months during which students work on various projects and prepare themselves and perform well to get pre-placement offer in the same company.

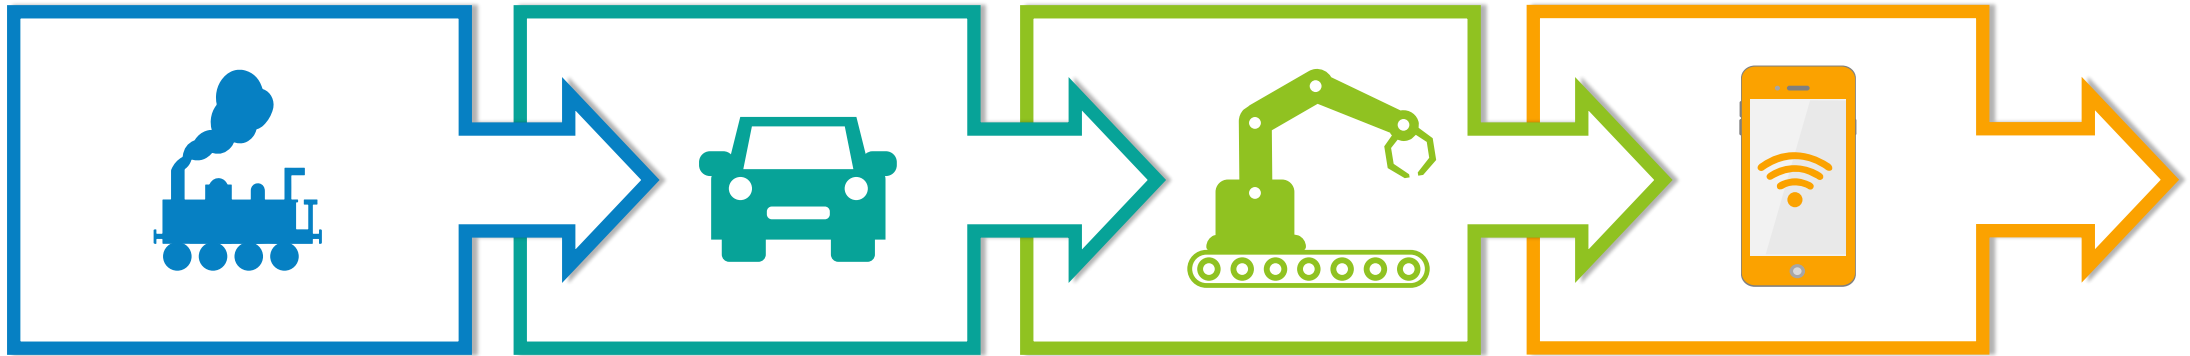

Practical and Group Assignment

Continuous assessment process, includes, Practical, Group assignments & Mini projects

Learning Process

Industry 4.0 Courses

ROBOTICS

1st

It is an interdisciplinary research area which involves design, construction, operation, and use of robots. The goal of robotics is to design intelligent machines that can help and assist humans in their day-to-day lives and keep everyone safe.

ARTIFICIAL INTELLIGENCE

3st

Artificial Intelligence (AI) is the branch of computer sciences that emphasizes the development of **intelligence** machines, thinking and working like humans. For **example**, speech recognition, problem-solving, learning and planning.

BLOCK CHAIN

2st

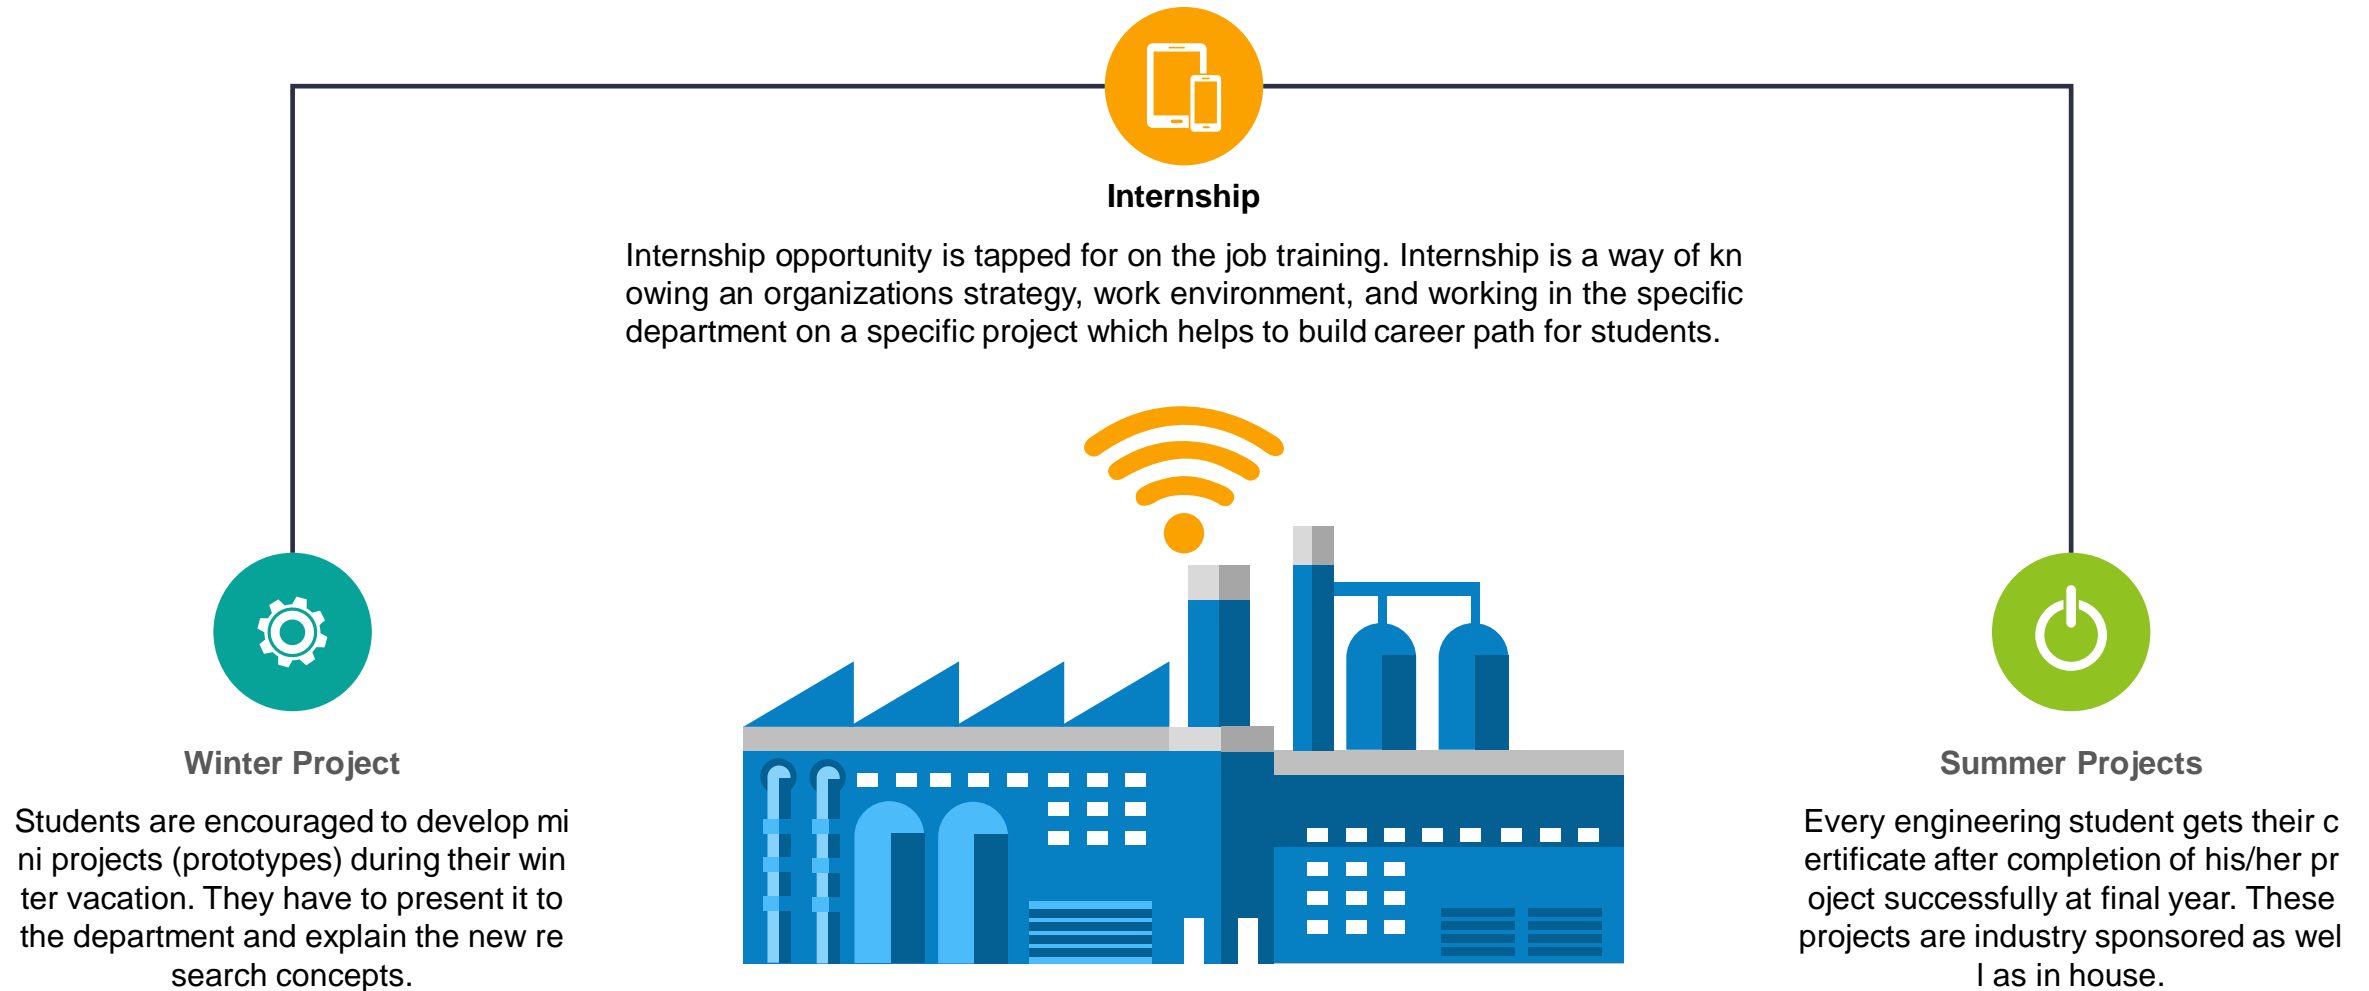

It's a growing list of records, called blocks, that are linked using cryptography. Each block contains a cryptographic hash of the previous block, a timestamp, and transaction data (generally represented as a Merkle tree).

ANDROID APP DEVELOPMENT

4st

The official language for Android development is Java. Large parts of Android are written in Java and its APIs are designed to be called primarily from Java. It is possible to develop C and C++ app using the Android Native Development Kit (NDK), however it isn't something that Google promotes.

Internship and Projects

Process Development

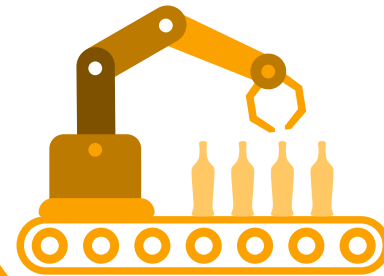

Students identify the ongoing industry project problems and work on providing solutions by preparing prototype.

Experiments

Laboratory experiments are conducted by students for specific research area for testing and analysis.

Center for Industry Academic Partnership

Industry Partnership | Collaborations | MOU |

Proximity to Indian Corporates in Mumbai and Pune

University campus has become the “Seat of Education and Knowledge”. It is preferential education destination for students. Campus is equally distanced from Pune and Mumbai. Due to which academicians, industry practioners and industry from India’s Financial Capital Mumbai are partnered and providing training, internship and placement.

Mumbai

Pimpri Chinchwad
Industry(PCMC)

PUNE

IT Industry- Hinjewadi

MIDC-Chakan

MIDC-Talegaon

Industry Focused Learning:

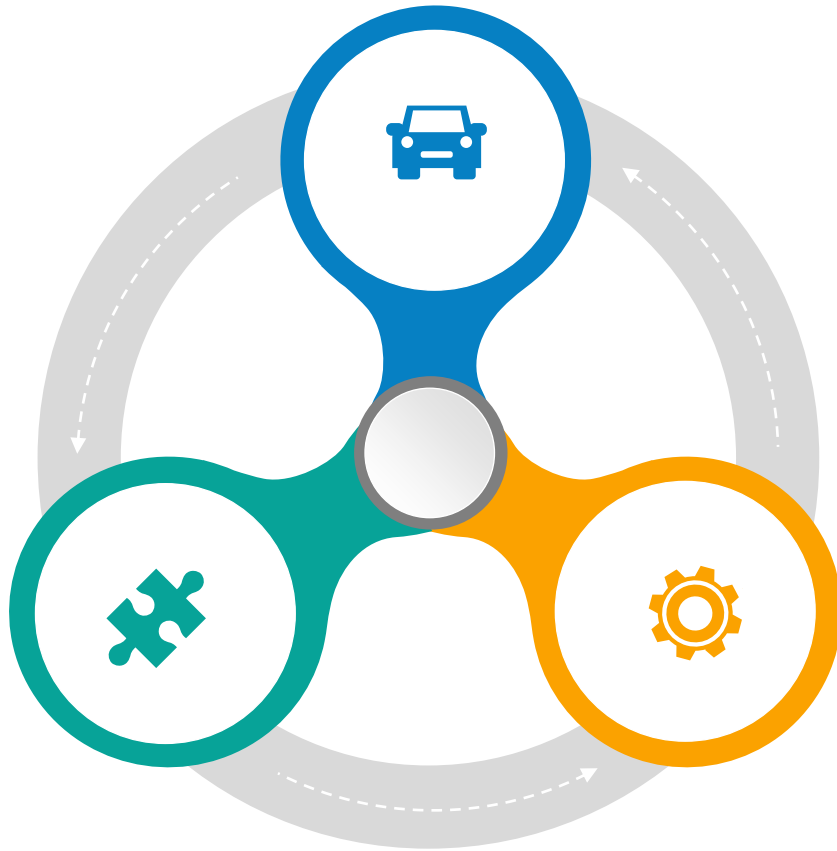

Programs are designed, developed and reviewed in consultation with academic experts and leading industry practitioners for ensuring relevant learning.

Practice, Experience and Experimentation

Industry projects, Joint programs, certifications, research, internships and placements are the outcome of partnership.

Laboratories

Advanced machines

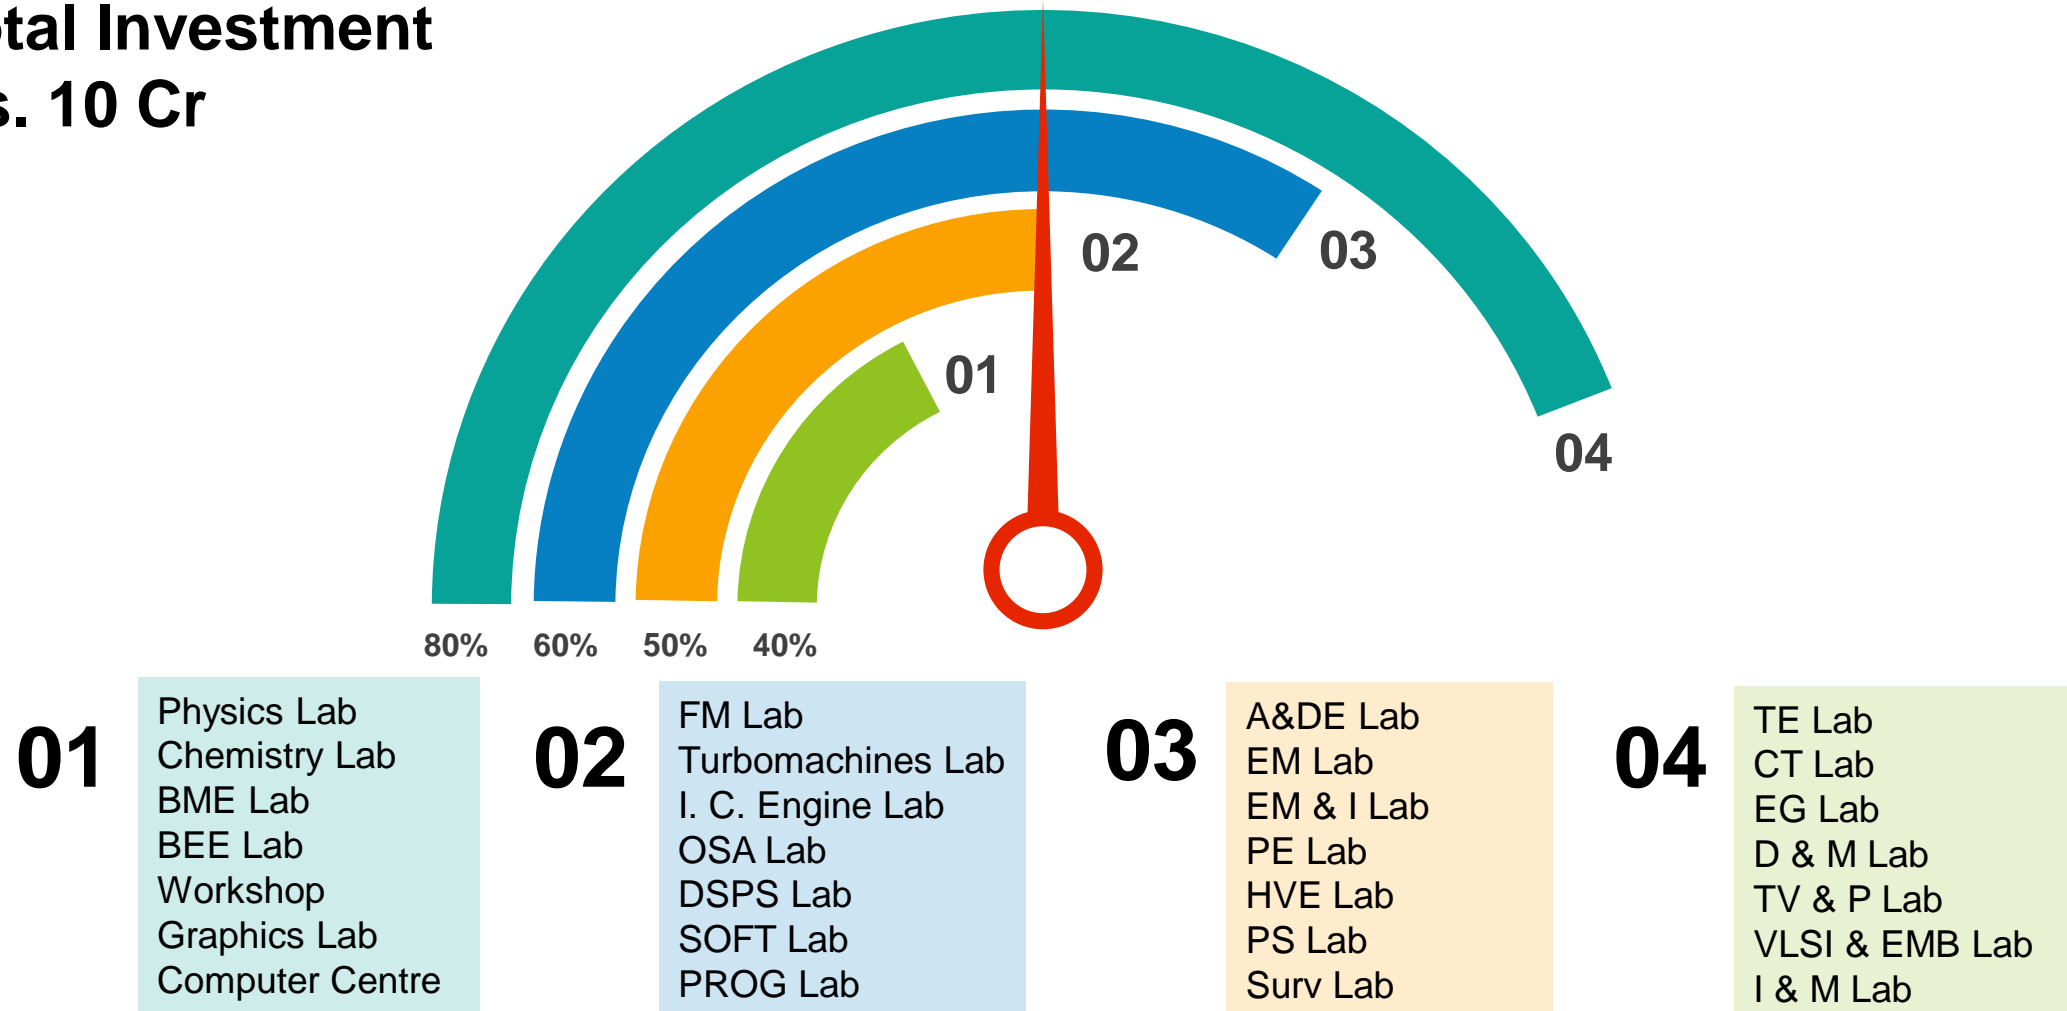

Good test rigs

High end software, etc.

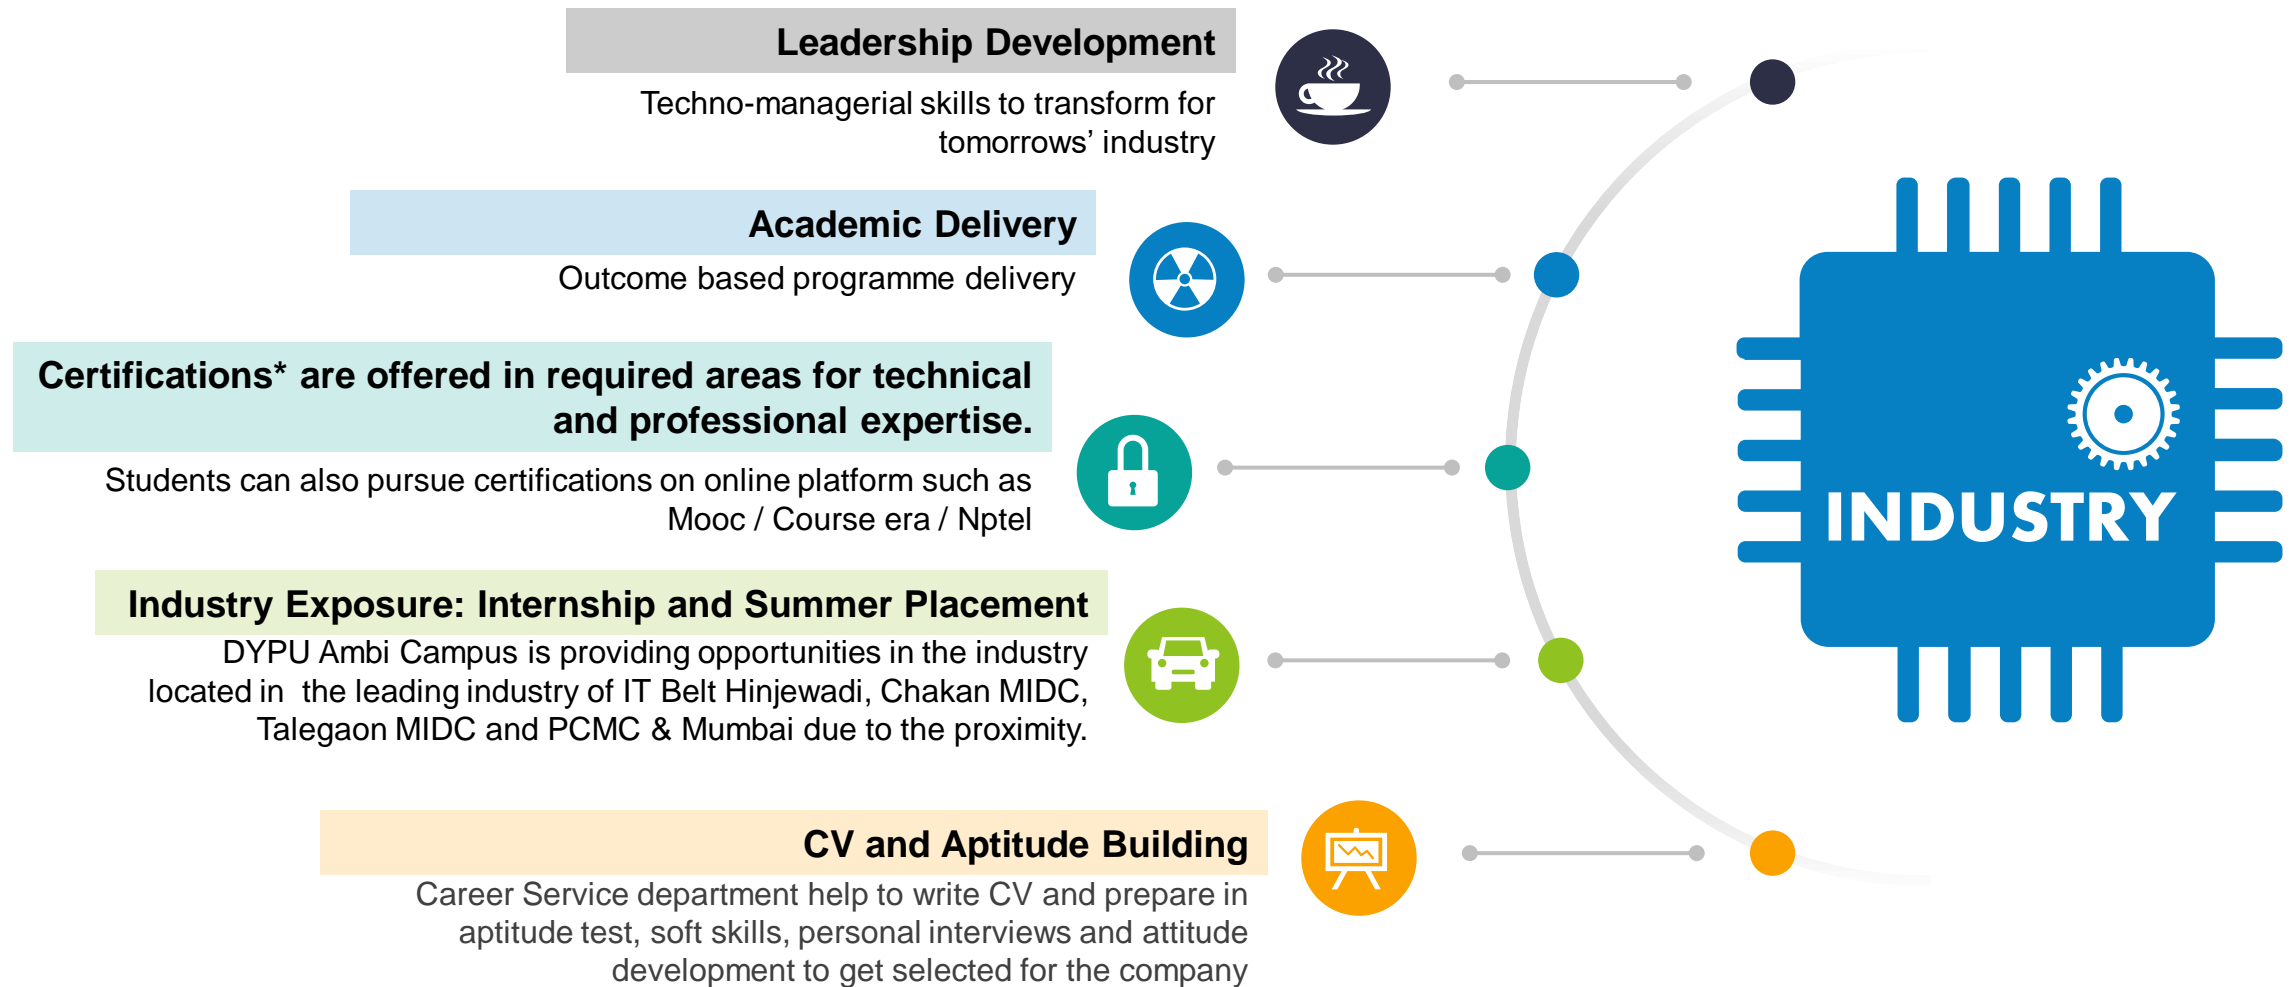

Investment in Labs

Total Investment
Rs. 10 Cr

Industry Placement

Campus Life

Industry Interaction

Photography Club

Sports Club

Community Engagement

Cultural Events

Film and Music Club

Get a modern
PowerPoint
Presentation that
is beautifully
designed.

Mentoring

Faculty

Industry Practitioners

ACHIEVEMENTS

Students participated & achievements in-

- ❑ SAE BAJA 2019 and ATVC 2020.
- ❑ Basketball event in 18th 'ZEST-20' organized by COEP in 2020.
- ❑ Basketball event in 'VIJAY-2K19' organized by DYPTC in 2019.
- ❑ 'MAHARASHTRA SHREE-2019' State Level Body Building Championship organized by Maharashtra Body Builder Association in 2019.
- ❑ 'BEST PHYSIQUE COMPETITION' Inter Collegiate Competition organized by MES Abasaheb Garware College Pune in 2019.
- ❑ 'BODY BUILDING CHAMPIONSHIP' organized by Priyadarshani Krida Pratishthan, Dhankawadi, Pune in 2019.
- ❑ Basketball event 'SUMMIT 18' National Level Inter-Engineering Sports Meet held at MIT-WPU, Pune in 2018.
